180 Days: **Geography for First Grade** Rane Anderson, 2018-03-01 180 Days of Geography is a fun and effective daily practice workbook designed to help students learn about geography. This easy-to-use first grade workbook is great for at-home learning or in the classroom. The engaging standards-based activities cover grade-level skills with easy to follow instructions and an answer key to quickly assess student understanding. Each week students will explore a new topic focusing on map skills, applying information and data, and connecting what they have learned. Watch students build confidence as they learn about location, place, human-environment interaction, movement, and regions with these quick independent learning activities. Parents appreciate the teacher-approved activity books that keep their child engaged and learning. Great for homeschooling, to reinforce learning at school, or prevent learning loss over summer. Teachers rely on the daily practice workbooks to save them valuable time. The ready to implement activities are perfect for daily morning review or homework. The activities can also be used for intervention skill building to address learning gaps.

The Pacific Rim Gr. 4-6 Leslie Fowler, 2000-01-01 In our unit, students hop, skip, and jump around the Pacific Rim. It is an in-depth study covering a broad range of topics from basic geography, mapping skills, climate studies and resources to types of government — all as they relate to the twenty-four nations of the Pacific Rim. Students will gain a new understanding of the emerging trade powerhouse. In our unit, students learn all about the Pacific Rim using a structured format. Exciting activities related to each of the lesson topics are used to cement in concepts. Student notes are used in conjunction with related student activities. This Canada lesson provides a teacher and student section with a variety of reading passages, activities, crossword, word search, exam and answer key to create a well-rounded lesson plan.

My Mouth is a Volcano Julia Cook, 2005-01-01 Teaching children how to manage their thoughts and words without interrupting. Louis always interrupts! All of his thoughts are very important to him, and when he has something to say, his words rumble and grumble in his tummy, they wiggle and jiggle on his tongue and then they push on his teeth, right before he ERUPTS (or interrupts). His mouth is a volcano! But when others begin to interrupt Louis, he learns how to respectfully wait for his turn to talk. *My Mouth Is A Volcano* takes an empathetic approach to the habit of interrupting and teaches children a witty technique to help them manage their rambunctious thoughts and words. Told from Louis' perspective, this story provides parents, teachers, and counselors with an entertaining way to teach children the value of respecting others by listening and waiting for their turn to speak.

Key Geography Lower Ability Support Pack , 1998-09-30 Designed specially for lower-ability pupils at Key Stage 3, this is one of four packs for use as part of the Key Geography series in a mixed-ability classroom. They are also suitable for use in conjunction with any Key Stage 3 textbook series to support pupils who, for whatever reason, find the traditional geography textbook too demanding.
